

## Haikus

---

By Roger Baxter, MD

### **Loss**

The empty darkness  
wrenched out of what we call love.  
Snow melts, blossoms break through.

### **Awe**

The moment of AWE  
Is gone. Try to bring it back  
And I miss the next.

### **Mystery**

Search for the myst'ry.  
Is it inside or out there?  
Is there a difference?
